### Beluga Whale & Prince of Wales Fort Tour

This tour is a favourite for many as you get an hour of interacting with our beautiful beluga whales and also see an important part of Canada's history at the Prince of Wales Fort.

Step inside to admire the strength of this stone structure that has been standing guard for 250 years at the mouth of the Churchill River. What used to be a bustling hub for fur traders was later reinvented into a stone fortification when peace was threatened

between England and France.

This tour includes popular sites such as: Cape Merry, Miss Piggy (plane crash site), the Polar Bear Jail, the Churchill Northern Studies Centre and of course we keep a lookout for wildlife the whole time

### Ithica Hike

Next Enjoy a short Hike to the Nearly a century old Ithica Ship wreck. This WWI vessel has been ship wrecked 12 miles East of Churchill since 1960. Come experience her history and beauty during a short hike at low tide.
