On this exciting full day expedition, we explore all of Churchill's coastal roads and trails in search of polar bears and other arctic wildlife. Tundra Buggy Adventure with Frontiers North

This excursion includes expert interpretation about wildlife and the subarctic ecosystems in the Churchill

Wildlife Management Area. You will have the opportunity to explore the open tundra while your Tundra Buggy Driver discusses the effects of tides, currents and ice formation on the polar bear. Check-in for Tundra Buggy Day Tours will begin at 7:15 a.m. at Fifty Eight North - Home of the Tundra Buggy, located at 124 Kelsey Boulevard. Please arrive no later than 7:45 a.m. At 8 a.m. you will be transferred to the Tundra Buggy Dock, where you will board a Tundra Buggy for a full-day excursion. A light meal and refreshments will be provided. You will be transferred back to Fifty Eight

North at the end of your tour, around 5 p.m.

Nights Under Lights Cultural night with Nanuk Operations

Join us at our Award Winning Nights Under Lights location which gives you a dark sky, away from ambient light for aurora photography and viewing. Our spot is tucked away in the trees, warm and spacious, allowing people a comfy break from the cold inside our beautiful yurt when needed. Sit around the woodstove and enjoy a cultural presentation with some refreshments and snacks in comfort in between Aurora activity.

Northern Lights Add on

New Northern Lights add on: While you're in Churchill with us, you are effectively put on a "waitlist" for any evening or evenings you would like.

If the lights come out before 10pm, your guide will contact you by phone or knock on your hotel room door to let you know the tour is running.
